Nothing new to say about the turnout, it was very small as it has been everywhere in the Northwest. Don't know what is going on. Could be the price of gas, which is around \$3.00 + a gallon! Could be the majority of the Northwest players are over 60+? Ratings? North-South? Who knows?

Friday night Draw winners were Tom Campbell and Clark Kenney. Saturday produced two winners that had won three years prior: Gary George and Jeff Kersting who

partnered up and never hit the loser's bracket. Following in second place were Claire Kenney and Paulette McKinney. All were from Washington State. Everybody had a great time. Mostly camping out in the jungle. We had a super salmon/rib B.B.Q., with everybody enjoying the tournament and food. Many thanks to all who participated.

1st (Friday's Draw Partner):
 Clark Kenney (left) & Tom Campbell (right)
