

January 25, 2011: I am very sad to bring you the news that our long time friend Wes Eades passed away today and he will be greatly missed by many across this country. I don't know of any memorial or services plans as of yet, but I will get them out to each of you when I do. For now, please hold all your questions and place Eileen and Wes' family in your prayers for this is a much greater loss for them. You may send a card of sympathy to:
